generous lounge areas here, and a dining room big enough to accommodate extended family gatherings.

It flows out to an expansive stone-paved front verandah and 10m saltwater pool with shade sail - the perfect place to entertain through the warmth of the Sunny Coast summer.

The modern kitchen features stone countertops, a bull-nosed sit-up bench, double sinks, stainless appliances and a ton of storage space, with a servery window opening outwards to a shaded seating bar.

There are two king bedrooms on either side of the home, with scope within the floorplan to easily incorporate a third, if required.

The separate studio, meanwhile, is beautifully equipped as guest accommodation, a teen retreat, home office or dual living set-up. Currently used as an Airbnb generating significant income, it offers a king bedroom, chic ensuite, walk-in robe and even a coffee nook with fridge.

The home's master bedroom encompasses a lovely mirrored walk-in wardrobe, substantial double-sink ensuite and deck access looking out across the water. The second bedroom has its own private deck access and is serviced by another large contemporary family bathroom.

Climate control is ensured through split-system reverse cycle air conditioning, with ceiling fans and high-quality flyscreens throughout allowing the coastal breezes to flow.

Utility costs are low thanks to 9.8kW of solar power and 45,000L of double filtered tank water.

At the rear of the home, another substantial shaded deck provides more entertaining space, this time overlooking a gorgeous natural dam and jetty surrounded by native planting.

The back garden is a delight to explore, with a firepit/bonfire area and cleared paths meandering through the trees and over a charming timber bridge.

Across the 1.3 acres, fruit trees deliver a harvest of mandarins, oranges, lemons, lemonade lemons, Brazilian grapes, mangoes, cumquats, coffee beans and star fruit.
