walk-in-robe and bath ensuite, while a second living zone creates excellent separation for busy families.

The contemporary kitchen with walk-in butler's pantry encompasses a large central sit-up island, Caesarstone benchtops, Miele appliances, gas cooktop and excellent prep and storage space.

Practical features have been carefully considered here, including a gravity-fed, UV-filtered water system designed to operate during power outages, 66,000L rainwater storage, 22,000L dam water storage, and 10kW of solar power. Split-system air conditioning ensures year-round comfort, while louvred, screened windows and ceiling fans allow the breezes to flow. A remote four-car garage provides secure parking, with plenty of extra hardstanding available for boats, caravans and trailers.

Established gardens, shaded walking paths, a creek and a secluded dam invite exploration, while 16 raised vegetable beds with dam-fed irrigation, mature fruit trees and herb gardens support the productive lifestyle. Two chicken enclosures including automatic doors complete the ideal sustainability set-up.

This peaceful home feels miles from anywhere, yet is just minutes from Eumundi's school, amenities and transport links, and Noosa's beaches and restaurants.

Grow your own produce, collect your own eggs and harvest tropical fruits within this natural garden oasis.
